PRIVACY POLICY (G.D.P.R.)

We at the Essex County Darts Organisation want to make sure all the personal information we have collected about you is always safe and secure. The Essex County Darts Organisation are Data Processors for the United Kingdom Darts Association (U.K.D.A.) who are the Data Controllers.

This Policy sets out our commitments to you in compliance with and beyond the General Data Protection Regulation (commonly known as the G.D.P.R.) and explains how we collect, store, and use your personal information.

We have not appointed a Data Protection Officer to oversee our compliance with data protection laws as we are not required to do so, but our Data Protection Team [i.e. The Essex County Darts Organisation Executive Committee] has overall responsibility for data protection compliance in our organisation.

If you have any questions about this Policy or what we do with your personal information, contact the Essex County Darts Organisation General Secretary using the information provided on this document.

PRIVACY NOTICES

Collecting specific, relevant personal information is a necessary part of us being able to provide you assistance when dealing with the Essex County Darts Organisation and the United Kingdom Darts Association or just managing our relationship with you.

When the U.K.D.A. hold or use your personal information as a data controller (see below for a description of what this is) they will provide you with a privacy notice which sets out in detail what information they hold about you (such as your contact details, address, etc.), how your personal information may be used and the reasons for these uses, together with details of your rights. This information is collected and Privacy Noticed supplied by the Essex County Darts Organisation (as Data Processors) on behalf of the U.K.D.A.

Where the Essex County Darts Organisation collect personal information from you directly, we will provide the privacy notice at the time we collect the personal information from you. The privacy notice will be available through the Super League representatives at the time of signing on to a team as they are representing the committee in this duty.

The Essex County Darts Organisation will only provide the privacy notice to you once, generally at the start of the relationship with you.

However, if the applicable privacy notice is updated substantially, then we may provide you with details of the updated version. You are encouraged to check back regularly for updates.

Your Super League representative or team captain might collect contact information off you as per usual and they will control that information. They will not pass it on to third parties without your permission.

THE DIFFERENCE BETWEEN DATA CONTROLLERS/PROCESSOR

A data controller is a person who controls how personal information is processed and used. A data processor is a person who processes and uses personal information in accordance with the instructions of a third party, i.e., the data controller.

This distinction is important. You have certain rights in relation to your personal information, for example the right to be provided with the personal information held about you and details of its use and the right to have certain of your personal information either erased or anonymised, commonly referred to as the right to be forgotten (see below to see what rights you have). These rights can generally only be exercised against a data controller of your information.

In most cases we will be a data controller of your personal information. In any case where we are not a data controller this means that you cannot exercise these rights against us directly (i.e., where we only act as a data processor), but you can do so against the data controller (i.e., the person who controls how we process the personal information). In these cases, we will endeavour to inform you who is the data controller of your personal information so that you can direct any such requests to them.

Also, it is only a data controller that will provide you with a privacy notice about your personal information, so where we process your personal information as a data controller we will provide you with a privacy notice. Where we process your personal information as a data processor for a third party, that third party should provide you with a privacy notice which will set out details regarding the processing of your personal information, which should also include the processing to be carried out by us on their behalf.

In such circumstances, we will put in place arrangements to protect your personal information. Outside of that we do not disclose your personal information unless we are required to do so by law.

We will not transfer personal information about you outside the European Economic Area (E.E.A.).

We do not sell, trade or rent your personal information to others.

HOW LONG DO WE HOLD ON TO YOUR PERSONAL INFORMATION?

Further details of how long we hold onto your personal information for are set out in the relevant privacy notice provided to you, but we will only hold your information for as long as is necessary or where you ask us to delete records, we may delete it earlier.

Information will not be kept for longer than 18 months. This is based on being used during the current season and overlapping the start of the next.

WHAT ARE YOUR RIGHTS?

Full details of your rights set out in the relevant privacy notice provided to you, but you are entitled by law to ask for a copy of your personal information at any time. You are also entitled to ask us to correct, delete or update your personal information, to send your personal information to you or another organisation and to object to automated decision making. The county will control the security of information collected on behalf of the U.K.D.A. To ensure good communication among county members the contact details of certain officials and captains will be kept in the county handbook - these will be name, mobile, email, address. If you don't want this information included contact the General Secretary. We ask that all members control data in their possession.

- a. Have a positive and enjoyable experience of the sport of darts at Southern Section in a safe environment.
- b. Are protected from abuse whilst participating in any Southern Section activities.

Southern Section acknowledges that some children, including disabled children and young people or those from ethnic minority communities, can be particularly vulnerable to abuse and we accept the responsibility to take reasonable and appropriate steps to ensure their welfare.

As part of our safeguarding policy Southern Youth will:

1. Promote and prioritise the safety and wellbeing of children and young people.
2. Ensure everyone understands their roles and responsibilities in respect of safeguarding.
3. Ensure appropriate action is taken in the event of incidents/concerns of abuse and support provided to the individual(s) who raise or disclose the concern.
4. Ensure that confidential, detailed, and accurate records of all safeguarding concerns are maintained and securely stored.
5. Prevent unsuitable individual's involvement with Southern Section where possible.
6. Ensure robust safeguarding arrangements and procedures are in operation.

The policy should be widely promoted, and we expect everyone involved with Southern Youth to follow the policy. Southern Youth will review the policy annually at the A.G.M. or in the following circumstances:

1. Changes in legislation and/or government guidance
2. As required by the Local Safeguarding Children Board, UK Sport and/or Home Country Sports Councils
3. As a result of any other significant change or event
